MEMORANDUM FOR: Project Communications Officer

25X1

SUBJECT : Per Diem for [redacted]

25X1

1. In response to memorandum dated 26 April 1956, file reference [redacted], you are advised that I am aware of the conditions and am in sympathy with the subject's position; however, before requesting a waiver to KUHARK regulations it appears to be necessary to establish (a) your intentions with respect to future project assignment(s) of this individual (i.e., Base A-B-C, or continental U. S.) and (b) the exact amount of time that has and will be involved, which is in excess of the 180 days limitations established by regulations.

25X1

2. In reply to the point raised in paragraph number 3, please be advised that a waiver to the regulations was received pertaining to the per diem situation at Watertown only and may not be extended to any other location, nor may the conditions there be used in justification of any per diem payments involved at some other locale.

3. When information has been supplied as required by the points raised in (a) and (b) above, an approach will be made for a waiver to the regulations with which we are concerned.
